Insert Resource

Summarize this support case in 3 bullet points for a support agent.

Subject: Input:myCase.Subject

Description: Input:myCase.Description

2 Resolved Prompt

Summarize this support case in 3 bullet points for a support agent.

Subject: Cannot log in

Description: Customer says the password reset email never arrives.

3 Generated Response

Customer cannot log in and reports that the password reset email never arrives.

Verify customer account email address, check spam/junk folders, and confirm mail delivery logs for the reset message.

Advise next steps based on findings: resend reset, provide alternative verification, or escalate to email delivery/engineering if logs show failure.
